To Prospective Employers:

Gary Bedian served as a Tax Counselor on my staff from 1978 to 1981.

Mr. Bedian is a True professional in his field. He identifies problems clearly, tackles them with skill, and back his recommendation with concrete evidence.

His loyalty and integrity, in my opinion, are beyond question, Despite the sometimes sensitive nature of the tax audit task, Mr. Bedian has been able to develop strong acceptance from his clients on whose problems he has worked.

I can recommend him without reservation and would be delighted to re-employ him should he return.

Sincerely,

TAX CORPORATION OF AMERICA

Gary Martin
